Tensor Flow (TF) Dev Summit Extended Event

Hosted by Shahd Assida and 3 others

Tensor Flow (TF) Join us for a set of light talks about TensorFlow, Machine learning and videos coming from TensorFlow Dev summit 2018! It is no question that machine learning is one of the hottest and one of the most important technology topic for developers and we think you can use this as an opportunity to know and learn more about machine learning or engage with local machine learning users! Moreover, we will live stream the keynotes and...

Google Cloud Study Jam

Hosted by [Shahd Assida](#) and 2 others

• What we'll do What is a Study Jam? Study Jams are community-run study groups for students on Google Developers content, on various product topics. The objective of Study Jams is to raise the technical proficiency of our community members through the highest possible course completion rate. What is Cloud Study Jam? Learn the fundamentals of the Google Cloud Platform, how to run containers on it and how to use the platform for data...

Join GDG Ramallah

Hosted by [Shahd Assida](#)

GDG Ramallah is a Palestinian chapter of the global Google Developer Groups (GDGs). The group was started by a group of Google fans and enthusiasts who are interested in using Google's devolving technologies. Google Developer Groups (GDGs) are for developers who are interested in Google's developer technology; everything from the Android, Chrome, Drive, and Google Cloud platforms, to product APIs like the Cast API, Maps API, and...
